

“Thou Shalt NOT Kill.”

(No exceptions mentioned)

**If you go into the military you will be trained to kill
and you may be ordered to kill.**

And, YOU may be killed.

**More likely, you will be wounded and disabled for life
with a painful, slow death from
chemical or radiation exposure**

**which YOUR government will likely deny
as it did Agent Orange and Desert Storm Syndrome.**

**YOUR life. YOUR pain.
YOUR soul.
Your family.**

**Think about it.
Seriously.**
